1. Sponsorship proposal:

1.1 Overview

The Wilderness festival, formerly known as the Vodacom George Cheese Festival, established itself as a hallmark event that draws together tourists, local residents, business owners, local producers, community organisations, media and visitors from all over South Africa on an annual basis.

The festival celebrates not only the community's richness, diversity, dynamism and heritage, but most importantly, savours the exceptional culinary products from our region as well as the rest of South Africa.

Since its inception in 2002, the festival has grown in visitor numbers and now counts as one of the largest events of its kind in the region. The 2016 festival was hosted in Wilderness the first time, attracting in excess of 8500 visitors, 70 exhibitors and hundreds of thousands of rands worth of media coverage, making it the biggest event ever hosted in Wilderness, and one of the most visible event brands in The Garden Route.

In accordance with an agreement reached between the Hotel and the Owner of the festival, the festival will be hosted at the hotel in 2017 for a second time. Wilderness, regarded as part of George is home of The Wilderness Hotel, conveniently located just off the N2.

The newly refurbished hotel and its facilities has proved to be a winning formula as it continues to experience an increase in quantity of visitors making use of the venue.

The Wilderness Festival will in 2017 once again combine an entertainment programme, including music and fashion with exhibitions of arts and crafts and other local products with a focus on food and beverages, tourism and activities, including a youth zone.

The organisers, Wild Info and their partners invite you, the potential sponsor to review the proposal below and then contact us to discuss opportunities in more detail.

Each of these areas offers opportunities for organisers to get involved in the festival as exhibitors, sponsors or media partners.

• **Main performance stage**

A stage will be erected in the pool area close to the main exhibit area. The layout of the pool area is perfect for music performances and fashion shows. The stage will be fully equipped with audiovisual gear, and staffed by qualified sound engineers and technicians.

We will be placing an emphasis on inviting local artists and performers to maintain in accordance with our vision to employ local talent to provide the entertainment. The Garden Route is brimming with talent, and the Wilderness Festival aims to be a Launchpad for upcoming artists wishing to build a career.

• **Food and beverage**

Food and other product stands will be strategically placed, ensuring that all exhibitors have the same exposure, while there will be ample seating to ensure the comfort of the festival goers. The Wilderness Hotel restaurant and bar facilities will also be available for festival goers.

1.7 Marketing and communications

An important ingredient of success for the Wilderness Festival will be to get the big media players in The Garden route and Western Cape to support and promote the festival.

Our strategy will be to engage with radio and print media owners and appoint one in each media category as a media partner on a trade exchange basis.

This means the media partners will give the festival air time and column centimeters for free, in return for the festival giving them exclusive branding and other rights. In this way the festival does not incur large advertising costs.

In addition to enlisting the support of media partners, the organisers will develop a marketing campaign targeting as wide an audience as possible. It is important that we target local, regional, national and international audiences. As social media is the strongest platform, great emphasis will be placed on our social media as well as that of our partners. The promotional and communication objectives are highlighted as follows:

- To ensure that The Wilderness Festival as a brand is consistently involved in promotional activities and events to ensure top of mind awareness.
- To establish The Wilderness festival as an industry leader within its target market.
- Identifiably connecting the brand to specific entertainment and promotional events.
- To create and strengthen relationships with key media as well as to launch and maintain maximum brand exposure for The Wilderness Festival through all possible media formats.
- Targeted marketing campaign.
- The target market is not only young people, families and upwardly mobile residents of the locality where the festival is staged, but also the wider community and tourists.

To ensure the Wilderness Festival receives the exposure necessary, a marketing and communications campaign covering the entire media spectrum will be implemented to meet the targeted objectives.

- Press releases to all leading publications and electronic media.
- Public relations opportunities created and executed for maximum exposure.

In the past, the festival generated hundreds of thousands of rands in publicity value, and we aim to improve on that figure.

1.8 Budget

The Wilderness Festival sponsorship budget is approximately R400 000, excluding R240 000 in value provided by the festival media sponsors.

The organisers have formed a partnership with the local business chamber which entitles their Mayoral fund a percentage of the profits from the festival. This money will be injected into the local economy, leaving a lasting legacy for the sponsor.

As far as possible, the organisers will select organisations based in The Garden route as suppliers to the festival. However it might be necessary for some South African based suppliers to be selected if the Wild Info team and the team of organisers deem it necessary based on available experience and capacity.

1.9 Sponsorship options

The Wild Info team's strategy for appointing sponsors is based on different areas of the festival. All figures exclude VAT, as the Wild News CC T/A Wild info is not VAT registered.

<u>Sponsorship opportunity:</u>	<u>Number of sponsors:</u>	<u>Focus area:</u>	<u>Sponsorship value:</u>

2. The festival venue

The Wilderness Hotel boasts with 158 bedrooms, a restaurant that can seat 250 people in one sitting, two swimming pools, a bowling green, a health hydro, two tennis courts, a squash court and plenty more.

The banqueting halls and conference facilities, one which can easily accommodate 300 delegates, makes the venue ideal for hosting the Wilderness festival.

The hotel gives us the opportunity to have most of the exhibits indoors; saving on infrastructure for the exhibitor while eliminating logistical problems should it rain. The indoor exhibits also eliminate security issues to a large extent.
